## Grade 2 Home Learning Activities –Week 3

Choose one item from each learning area a day. Check off as many as you can! ©

Grade 2 Curriculum Areas	М	Т	W	Th	F
Reading ideas for the week:					
<ol> <li>Raz Kids – https://www.raz-kids.com</li> <li>Epic Books - https://www.getepic.com/educators</li> <li>Home material – read your books at home!</li> <li>Sight Words- https://www.education.com/games/sight-words/</li> <li>Word Family of the week – "out" list as many words as you can that end in "out". For example: about, sprout. When you have a good list, practice them by writing them again in alphabetical order. See how many of the "out" family words you can find around your house.</li> <li>Spelling words for the week – please, pretty, ran, ride, say. Practice these words by drawing them with chalk on your driveway or use some playdoh to form the letters. Send pictures of your finished product!</li> </ol>					
Writing Ideas for the week:					
<ol> <li>Storytelling time! Put your skills to work and write a story using at least 3 of the following words: hen, egg, chick, airplane, goggles, parachute, and seeds. Let's see what kinds of exciting story you can come up with!</li> <li>Friends &amp; Family – Some of us are missing our friends and family right now one thing that helps me is writing letters to them! Even if you cannot deliver them right now try writing a letter to someone you miss, a friend from school, teacher, cousin, aunt, uncle, your babysitter! (Don't stop at just one though feel free to write as many as you would like!)</li> </ol>					
Try to write 5-7 sentences. Use a beginning sentence, 3 details, and a wrap up sentence. Make sure you spell word wall words correctly and use invented spelling for trickier words. Draw and colour a picture as well. Remember that sometimes is takes a few days to complete a piece of writing, so don't feel that you have to do it all at once.					
Ask your adult to send a picture of your finished product to your teacher, we love receiving our "kid's" writing. It makes us smile!					

## Math ideas for the week: 1. Review of ordinal numbers https://ca.ixl.com/math/grade-2/ordinal-numbers-up-to-10th 2. Subtraction practice (N9) https://ca.ixl.com/math/grade-2/complete-the-subtraction-sentence-up-to-two-digits 3. Counting money (N4) - https://ca.ixl.com/math/grade-2/count-money-up-to-1-dollar 4. Play a card game- Check out some great ideas on the grade 2 Weebly https://grade2ses.weebly.com/numeracy.html **NON INTERNET ACTIVITIES** 1. Put some coins in the cup and have your child "spill" some on the table. Have the student practice counting money by grouping coins and counting on. Make a game of it by having another person "spill" some coins out as well and see who has the most money! Challenge – see who can have the most amount of money using the least amount of coins. Good luck! 2. Come up with some word problems to solve with your child. The more realistic, the more successful they will be. Examples are: a.) My dad made 43 chocolate chip cooks and some peanut butter ones. There were 92 all together. How many were peanut butter? b.) My mom used 28 screws to make a birdhouse. There were 55 screws left in the box. How many were in the box before she started? c.) Corey has a box of 78 crayons. He gave 39 to his friend. How many crayons does he have left? 3. Play a card game- 25! a.) Remove face cards b.) Split the deck evenly c.) Each player turns over a card and adds to the previous number d.) You keep adding cards until you reach 25 e.) If a person's card would go over 25, they need to subtract the number f.) When someone hits 25, they win! Free play: Have fun doing whatever you love to play. **Challenge:** Draw a picture of your favorite thing for free play Art: Signs of spring are everywhere. Have you spotted a Robin? Learn how to draw one using this linkhttps://www.google.com/search?g=how+to+draw+a+robin+easy&rlz=1C1GCEV en&og=how+to+draw+a+robin&ags =chrome.2.69i57i0I7.6923i0i7&sourceid=chrome&ie=UTF-8#kpvalbx= n9-dXouiDtWFytMPpa6-8AE56 Non computer idea Rock Art - Collect rocks and paint them for use as garden decoration, paperweights or pet rocks. Send a photo to your teacher to brighten their day! Physical Education/Mindfulness: Daily Physical Activity 1. Have Fun Playing outside. Go for a walk or a bike ride or draw a hopscotch or obstacle course using chalk. Find your favorite rock and challenge your family. Send a photo to your teacher! We love to see what you are up to! 2. Grab a skipping rope and see how many times you can skip. Can you skip more than an adult? We would love

to hear from you!
